TM-200 MFP L24ei

TM-300 MFP L36ei

Large format 36-inch and 24-inch multifunctional printers designed for fast, simultaneous high quality printing and precision scanning. A compact, user-friendly, front-loading design with an intuitive touch screen, enhanced security and 60% noise reduction makes them ideal for CAD, GIS and Poster production in all office environments.

36 inch and 24-inch large format MFPs for CAD, GIS and Poster production

- 5 colour Lucia TD Pigment Ink System (Black, Matt Black, Cyan, Magenta, Yellow)
- 2GB standard memory
- User-friendly, 3-inch flat panel touch screen display for scanner*
- Single roll capability
- 60% less operation noise due to dampened fans, fewer vibrations and streamlined cutting
- Lightweight and compact design with full front usability for easy operation
- SingleSensor* Technology delivers crystal clear lines and text, as well as bold colours
- Dedicated ScanApp Lei* Software boosts productivity with continuous scan and copy to cloud, USB and PC
- Ideal for indoor and outdoor applications including use of Water Resistant media
- Bundled Starter ink: 130ml (Matte Black) and 90ml (Black, Cyan, Magenta, Yellow)
- 130/300 ml ink tanks (available)

TM-300 MFP T36

TM-305 MFP T36

Multifunctional 36-inch large-format printers, offering high quality printing and fast precision scanning for maximum productivity. Cost effective and easy to use they are ideal for CAD, GIS and Poster printing in office environments thanks to a compact design and a 60% reduction in operating noise.

36-inch large format MFPs for CAD, GIS and Poster printing production

- 5 colour Lucia TD Pigment Ink System (Black, Matt Black, Cyan, Magenta, Yellow)
- imagePROGRAF TM-305 MFP T36 includes a built in 500GB HDD
- Standard memory 128GB with 2GB Physical memory for the TM-305 MFP T36
- 15.6-inch flat panel, touch screen display for scanner*
- 6-inch per second colour scanning
- Single roll capability
- SingleSensor* Technology delivers accurate document scanning with crisp text and sharp lines
- Ideal for indoor and outdoor applications including use of Water Resistant media
- Scanner* controls: STOP, Advance/Rewind, LED status
- Maximum scan length* 8m (JPEG/PDF) and 15,2m (TIFF)
- Maximum document thickness 2.0mm
- SmartWorks MFP V5 software included*
- Bundled starter inks: 130ml (Matte Black) and 90ml (Black, Cyan, Magenta, Yellow)
- 130/300 ml ink tanks (available)
